Mickey says: "Beauty Cube that opens up to two different sections of eye colors (one side has shimmery neutrals and other side spring pastels). Inside the cube are two glosses and on the end you have a bronzer and blush. Throw away the brushes, they're useless. You have plenty of brush recommendations in our recent Beauty Tools feature."

The Sugar Cube opens up to reveal several sweet surprises that will get you looking gorgeous in no time. The cube includes two mini sugar slicks, eight eyeshadows, a bronzer and blush, plus a mirror and all the tools you need all tucked away in a pretty little box.

[Bobbi Brown 'Pink Raspberry' Face Palette](#)

By

on March 5, 2008 | [Permalink](#)

Mickey says: "I love these Bobbi Palettes. This pink inspired pick of the season is, as always, super natural with two eye defining shadows in Navajo and Fog (I am obsessed with dressing everyone's eyelids with this color). The lip colors are sheer but well pigmented for a suitable lip color pop, and the blush glows on cheeks. All-in-one face minus mascara and foundation."

Spring beauty has never looked fresher. The season's must-have, this sleek mirrored palette includes the essentials you need to create Bobbi's Pink Raspberry Look. Features cool, neutral shadows and sheer, pink raspberry shades for lips and cheeks that are universally flattering for a range of complexions.

Mickey says: "This is a gorgeous (names suits it well) face palette. Color combinations are ideal for my pale skin and the makeup quality is exceptional. Haute Face has their 'Stunning' palette for medium, olive complexions and other kits to choose from. It even comes with a look book for a kind of paint by number beauty application. Great gift for you or someone dear."

The only PDA (Personal Design Assistant) for your face, with a formula for every skin tone.

Mickey says: "I am currently a [Bella IL Fiore Roller Ball Eye Shadow](#) fiend, so when I received Powder Room I was enormously excited. Every little drawer I opened unveiled another face tinting possibility. The colors are good for a wide-range of skin tones too! And the price is extremely reasonable."

Part treasure trove, part beauty cabinet, Bella's cosmetic case stocks just about everything you need to put your best face forward - nine eye shadows, six lip glosses and four cheek colors that flatter most skin tones.
